

## Air & Waste Management Association Great Basin Chapter 2011-2012 Scholarship

The Great Basin Chapter of the Air & Waste Management Association is pleased to offer up to \$1000.00 scholarships to college students enrolled in programs at a Utah school of higher education that will lead to employment in the environmental profession. Founded in 1907, the Association provides a neutral forum where all viewpoints of an environmental management issue (technical, scientific, economic, social, political, and public health) receive equal consideration.

To apply, complete and submit the attached application form, a 500 word paper sharing your goals in pursuing a career related to environmental management, a copy of your transcript, and a letter of reference from a faculty member or employer. Minimum required cumulative GPA to submit an application is 3.0. All applications must be post marked by October 21, 2011. Previous A&WMA GBC scholarship recipients are not eligible. The successful scholarship recipients will be presented with their award before spring semester begins and will be honored at the Great Basin Chapter annual dinner the following spring.

Mail completed applications to:
